

## SONOMA VALLEY FUND THREE-LEGGED STOOL

*(How it all fits together)*

- Community Convening -- in collaboration with non-profits and other stakeholders
- Strategic Grantmaking -- Community Building Grants and Todd Trust Fund Grants
- Legacy Giving Advocacy

### **COMMUNITY CONVENING**

SVF will identify one or more issues requiring community understanding and citizen engagement and will generate a problem solving agenda through advocacy and collaboration with community stakeholders.

### **STRATEGIC GRANTMAKING**

SVF will make grants from two funds: Community Building Grants (*place holder name*) and the Todd Trust. Community Building Grants will be financed through funds raised by SVF and Todd Trust Grants will be allocated from the named trust as specified by the donors. Community Building Grants may be made in response to issues raised in the Fund's Community Convening role or for purposes identified by the SVF and fund donors.

### **LEGACY GIVING ADVOCACY**

SVF will actively promote legacy giving to non-profits partners and to the Sonoma Valley Fund through the Community Foundation, Sonoma County.

***These three interrelated activities will function SYNERGISTICALLY, so that each activity is strengthened and rendered more successful by virtue of the effectiveness of the other two.***
